

REQUEST FOR EXPRESSIONS OF INTEREST (RFI)
Regarding
Development of Collateral Land Parcels
At
Washington Dulles International Airport

The Request for Expressions of Interest (RFI) seeks expressions of interest from qualified parties in connection with the leasing and commercial development with respect to certain parcels of land at Washington Dulles International Airport.

The Metropolitan Washington Airports Authority is specifically seeking information with respect to creative concepts for the compatible commercial development of each parcel, given its particular characteristics and inherent limitations, its location vis-à-vis the airport, the general locale and the parcel's relationship to other existing, ongoing and proposed development in the area.

Respondents are expected to thoroughly examine the RFI and all materials provided by the Airports Authority. Respondents are expected to undertake their own "due diligence" with respect to the parcel(s) in which they are interested.

The RFI is available by registering and downloading the documents at

www.mwaa.com/business_information/contracting_opportunities

Responses for this RFI will be due no later than 3:00 p.m. (EST), September 14, 2009.

For all other inquiries about the RFI, send inquires to contracting@mwaa.com, with "Response to Collateral Lands RFI" in the subject line. Please include a name, company, contact phone number and contact email address.
