AGENDA

Monday – August 24, 2009

11:00 – 12:00 p.m.

Transportation Security Integration Facility Tour

Ronald Reagan Washington National Airport – Old Post Office

Reservations required

See first hand how this state of the art facility provides TSA an opportunity to evaluate security screening technologies in an operational setting.

2:00 – 3:00 p.m.

Diplomat

National Safe Skies Alliance Meeting

3:00 – 5:00 p.m.

Diplomat

Public Safety and Security Committee Steering Group Meeting

6:00 – 7:30 p.m.

Plaza Ballroom ABC

Welcome Reception

Sponsored by:

Tuesday – August 25, 2009

7:30 a.m. – 3:00 p.m. **Registration**
Salon III Foyer

7:30 – 8:30 a.m. **Continental Breakfast**
Salon III Foyer

7:30 – 8:30 a.m. **Breakfast Roundtable: Airport Pandemic Preparation and Business Continuity Plans**
Salon II

On May 21, FAA issued a Cert Alert to encourage all airports to create a plan to ensure that airport operations can continue in the event of a pandemic flu or other emergency that could pose staffing challenges. Join fellow colleagues in an exchange of ideas and plans regarding Airport Pandemic Preparation plans.

8:30 – 8:45 a.m. **Welcome and Opening Remarks**
Salon III

Introduction: *Greg Principato, President*
Airports Council International – North America

Brigitte Goersch, Director of Security
Orlando International Airport
2009 Chair, ACI-NA Public Safety and Security Committee

Special ACI-NA Public Safety and Security Committee Presentation

8:45 – 9:15 a.m. **Guest Speaker**
Salon III

Speaker: *Peggy Gilligan*
Associate Administrator for Aviation Safety
Federal Aviation Administration

While the number of serious runway incursions has declined, it remains a critical focus for airports, airlines and FAA. Pilot deviations remain the leading cause of overall runway incursions and this session will provide a different perspective on prevention of these incidents – from the cockpit. Using confidential safety data reported from pilots about concerns with airport construction and markings as well as national and local NOTAMs, Associate Administrator Gilligan will provide important information to airports that enhances their understanding and efforts to prevent runway incursions and wrong runway incidents.

9:15 – 10:15 a.m.
Salon III

FAA Safety Update

Introduction: Rob Benstein, Public Safety & Operations Director
Gerald R. Ford International Airport

Speakers: Michael Brown, Manager – Airport Safety and Operations
Federal Aviation Administration

Charles “Skip” Erhard, III – Manager, Airport Compliance Division
Federal Aviation Administration

Michael Brown will discuss the latest issues and developments regarding the FAA’s airport safety and certification programs, including the recently released Airport Emergency Plan Advisory Circular update, wildlife hazard management issues, airport safety management systems, winter operations, and runway safety. Join Skip Erhard as he presents lessons learned on the use of FAA design standards for aircraft access.

10:15 – 10:45 a.m.
Salon III Foyer

Refreshment Break

Sponsored by:

10:45 – 11:30 a.m.
Salon III

FAA Technology Update

Introduction: Denson Stasher, Director of Operations, Security
Jackson Municipal Airport Authority

Speaker: Ryan King, Airport Technology Research & Development
Federal Aviation Administration (invited)

Ryan King will provide an update on airport safety research that is being conducted at the FAA’s Technical Center in Atlantic City, including avian radar, visual guidance research, and foreign object detection.

11:30 – 12:00 p.m.
Salon III

TSA Air Cargo Security Update

Introduction: Paul Foster, Aviation Security Manager
San Francisco Airport Commission

Speaker: Doug Brittin, Air Cargo Manager
Transportation Security Administration

Participate in this session to learn how TSA is expanding the Certified Cargo Screening Program (CCSP) to assist industry in meeting the August 2010 deadline for screening 100 percent of cargo to be transported on passenger aircraft. The CCSP is designed to allow participating shippers and indirect air carriers to screen cargo further up the supply chain, so that shipments do not need to be broken down and screened upon arrival at the airport.

12:00 – 1:00 p.m.
Salon I and II

Lunch

Sponsored by:

1:00 – 2:15 p.m.
Salon III

Pandemic Planning: Government and Industry Response to H1N1

Introduction: Paul Meyer, Director of Operations
Atlanta Hartsfield-Jackson International Airport

Speakers: Joan Harris, Senior Policy Advisor Pandemic Flu Coordinator
Office of the Secretary – Department of Transportation

Andrew Plummer, Preparedness Science Officer
Centers for Disease Control and Prevention

J. Bradley Dickerson, PhD – Senior Policy Advisor Office of Policy Development
Department of Homeland Security

Barbara T. Martin, RN - General Manager
Occupational Health and Air Crew & Passenger Health Services
Delta Airlines

The World Health Organization has declared a worldwide pandemic with the spread of influenza H1N1 virus. Government and aviation industry representatives have been working to develop pandemic plans that would be effective but not disruptive to air travel. With the impending flu season right around the corner, pandemic planning and coordination between airports, airlines and government officials is essential to develop efficient, and effective pandemic response plans. Join government and airline officials for an in-depth discussion on the challenges of planning for entry and exit screening of international airline passengers.

2:15 – 2:45 p.m.
Salon III

Airport Case Study: Addressing Passenger Needs During Irregular Operations

Introduction: Richard Duncan, Aviation Security Director
Atlanta Hartsfield-Jackson International Airport

Speaker: Paul Meyer, Director of Operations
Atlanta Hartsfield-Jackson International Airport

Atlanta Hartsfield-Jackson International Airport developed a plan in response to the Department of Transportation National Task Force To Develop Model Contingency Plans To Deal With Lengthy Airline On-Board Ground Delays. Join Director Meyer as he shares Atlanta's comprehensive plan based on recommendations made by the National Task Force and developed in cooperation with airlines serving Atlanta.

2:45 – 3:15 p.m.
Salon III Foyer

Refreshment Break

3:15 – 4:00 p.m.

Salon III

TSA “Unclassified” Intel Briefing

Introduction: **Walter White**, Director of Operations and Public Safety
Memphis International Airport

Speaker: **Thomas Hoopes**, Senior Intelligence Officer
Transportation Security Administration

The TSA Office of Intelligence is responsible for collecting, analyzing and disseminating transportation security related intelligence information. Attendees will learn about the latest threats to airports, airlines, general aviation and aviation facilities.

4:00 – 4:20 p.m.

Salon III

Airport Case Study: Exit Lane Technology

Introduction: **Mike Keegan**, Airport Security Coordinator
General Mitchell International Airport

Speaker: **Gary Duncan**, Division Director of Aviation
Lee County Port Authority

Airports remain concerned about staffing responsibilities for exit lanes. Is technology the answer for both airports and TSA? Learn about the financial and operational benefits of the system in place at Southwest Florida International Airport.

4:20 – 4:30 p.m.

Salon III

Center for Homeland Security And Defense

Speaker: **Don Zoufal**, Safety and Security Executive
System Development/Integration

The Naval Post Graduate School’s Center for Homeland Defense and Security (CHDS) offers graduate education programs, sponsored by the Department of Homeland Security to assist current and future homeland security leaders to develop the strategies, policies and organizational elements needed to defeat terrorism in the US. Join Don Zoufal on this informative presentation on CHDS programs.

4:30 – 5:00 p.m.

Salon III

DHS Safety Act Affords Airports Liability Protections

Introduction: **Peter Troyer**, Chief of Police
Spokane International Airport

Speaker: **Akmal Ali**, Office of Safety Act Implementation
Department of Homeland Security

Following the 9/11 terrorist attacks, the SAFETY Act was enacted to address concerns that private companies would be discouraged from developing and deploying anti-terrorism technologies and services due to significant liability exposure. This presentation will cover the basics of the SAFETY Act, focusing on relevant information for airport security officials.

5:00 p.m.

Adjournment

Speaker: *Brigitte Goersch*, Director of Security
Orlando International Airport
2009 Chair, ACI-NA Public Safety and Security Committee

Wednesday – August 26, 2009

7:30 – 3:00 p.m. **Registration**
Salon III Foyer

7:30 – 8:30 a.m. **Continental Breakfast**
Salon III Foyer

8:30 – 8:45 a.m. **Welcome and Opening Remarks**
Salon III

Introduction: **Brigitte Goersch**, Director of Security
Orlando International Airport
2009 Chair, ACI-NA Public Safety and Security Committee

8:45 – 9:15 a.m. **Keynote Speaker**
Salon III

Speaker: **TSA Acting Administrator Gale Rossides**

In this session, the Acting TSA Administrator will present on current security initiative. Don't miss this opportunity to hear from the TSA Acting Administrator about TSA's plan for enhancing security while preserving the efficiencies inherent to the aviation system.

9:15 – 9:45 a.m. **Aviation Security: What Congress is Considering**
Salon III

Introduction: **Charlotte Bryan**, CEO
Charlotte Bryan Solutions

Speakers: **Stephen Lord**, Director, Homeland Security and Justice Issues
Government Accountability Office

Channon Hanna, Associate Director Government and Political Affairs
Airports Council International-North America

The Government Accountability Office (GAO), the Congressional “watchdog” and reviewer of Federal programs, has significant influence and “inside” information regarding the focal issues for our national security policy. Join GAO Director Stephen Lord for a discussion of GAO's security work and predictions for the direction that Congress may be headed, both in the short and long-term, in aviation security. ACI-NA's Channon Hanna will discuss the status of the TSA Reauthorization Act and other Congressional initiatives.

9:45 – 10:15 a.m.
Salon III

DHS Science and Technology Explosives Detection Initiatives

Introduction: **Brigitte Goersch**, Director of Security
Orlando International Airport
2009 Acting Chair, ACI-NA Public Safety and Security Committee

Speaker: **Jim Tuttle**, Director-Explosives Division
Department of Homeland Security

In this session, learn how the Explosives Division develops and evaluates technologies to screen passengers, carry-on and checked baggage for explosives with high levels of detection and a minimal number of false alarms.

10:15 – 10:45 a.m.
Salon III Foyer

Refreshment Break

Sponsored by:

10:45 – 11:15 a.m.
Salon III

Moving Forward With Biometrics – The Time is Now For a Discussion on the Issue!

Introduction: **Fred McCosby**, Security Programs Manager
Savannah Hilton Head Airport

Speaker: **Christopher Runde**, Deputy Director, TTAC
Transportation Security Administration

TSA wants to hear from and ask questions of airports and others in the industry on issues concerning biometrics and improving employee credentialing systems. Don't miss this opportunity for a frank and timely face-to-face discussion as the TSA shares its thoughts and asks questions about moving forward with ACIS and its recently issued Request for Information (RFI) regarding 3rd party service providers for credential issuance, and production and enrollment service providers. These issues have been brewing for some time, and TSA is getting ready to take its "next steps" in what will be the framework for the next generation employee credentialing and access control system. Make sure your views are heard.

11:15 – 12:00 p.m.
Salon III

TSA Operational Process and Technology Update

Introduction: **Scott Broyles**, Executive Vice President – Airports and Airlines
National Safe Skies Alliance

Speaker: **Robin Kane**, Assistant Administrator, Office of Security Technology,
Transportation Security Administration

In this session, Robin Kane will discuss the status of new security technologies, pilot testing technology at airports, and TSA's process and planning for distributing millions of dollars in new Federal Government funding for in-line baggage screening systems, checkpoint technologies as well as further consideration of innovative financing.

12:00 – 1:00 p.m.
Salon I and II

Lunch

Sponsored by:

1:00 – 1:45 p.m.
Salon III

TSA Global Strategies and Transport Canada – Harmonization in North America

Moderator: **Tim Anderson**, Deputy Executive Director
Minneapolis-St. Paul International Airport

Speaker: **Cindy Farkus**, Assistant Administrator Global Strategies
Transportation Security Administration

James Marriott, Director of Aviation Security Regulatory Review
Transport Canada

Representatives from TSA and Transport Canada will provide an update on key aviation security initiatives as well as their progress in working collaboratively to develop systems to increase efficiency and minimize redundant requirements.

1:45 – 2:15 p.m.
Salon III

Federal Air Marshals and Law Enforcement Update

Introduction: **Al Lomax**, Chief of Airport Police
Kansas City International Airport

Speaker: **Robert Bray**, Assistant Administrator for Law Enforcement and Director of Federal Air Marshal Service, TSA

As the primary law enforcement entity within TSA, the Federal Air Marshal Service is responsible for coordinating closely with other law enforcement agencies. The Director will discuss current FAM programs as well as the recent implementation of the National Law Enforcement Telecommunications System (NLETS) messaging for law enforcement officers traveling armed.

2:15 – 2:45 p.m.
Salon III

ACI-NA features Airport Security Technology Showcase

Speakers: **Shmulik Juchtman**, Director
ICTS Europe

Solomon Wong, Senior Vice President
InterVISTAS

Alvy Dodson, Executive Vice President
Priva Technologies

2:45 – 3:15 p.m.
Salon III Foyer

Refreshment Break

3:15 – 4:15 p.m.
Salon III

TSA Security Operations Update

Introduction: **Brigitte Goersch**, Director of Security
Orlando International Airport
2009 Chair, ACI-NA Public Safety and Security Committee

Speaker: **Lee Kair**, Assistant Administrator, Office of Security Operations
Transportation Security Administration

In this session, Lee Kair will discuss current Transportation Security Officer (TSO) staffing levels, the expansion of gate screening under the Aviation Direct Access Screening Program (ADASP) and new security initiatives under consideration.

4:15 – 5:30 p.m.
Salon III

TSNM Update

Moderator: **Mark Baldy**, Airport Security Manager
Ronald Reagan Washington National Airport

John Sammon, Assistant Administrator, TSNM
Transportation Security Administration

Doug Hofsass, General Manager – Commercial Aviation, TSNM
Transportation Security Administration

On a daily basis, airports, airlines, and TSA are faced with a host of new security challenges. This session will provide an opportunity for attendees to discuss with TSNM Leadership how we work more effectively together to address and respond to current security challenges while planning for the aviation system of the future.

5:30 p.m.

Concluding Remarks and Conference Adjournment

Brigitte Goersch, Director of Security
Orlando International Airport
2009 Chair, ACI-NA Public Safety and Security Committee

2010 ACI-NA Public Safety & Security Spring Conference
*In conjunction with ACI-NA's Operations & Technical Affairs and
Business Information Technologies Conferences*
